Tails of Triumph

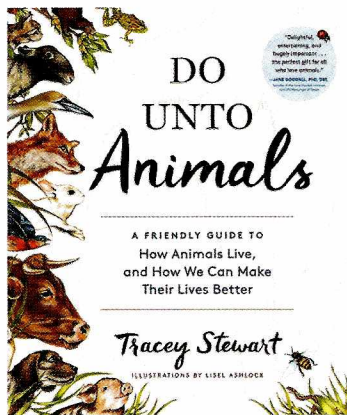

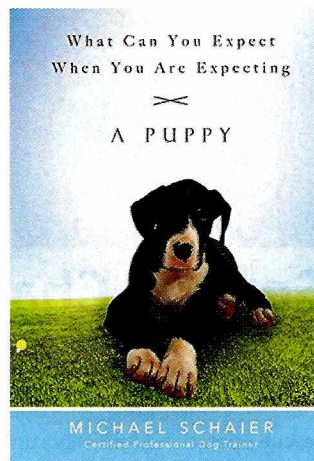

BY TERRI STEUBEN

BOOKS WE LOVE For the first time, you can read the pets' perspective and their stories of triumph—thanks to Terri Steuben, a gifted animal communicator and trained disaster responder. In her book, *Tails of Triumph*, Terri shares what the animals told her about Hurricane Katrina and “the day the water came” as she and other responders with The Humane Society of the United States found and rescued animals in the muddy rubble of New Orleans. Dogs, cats, horses and other creatures talked to her about their despair, confusion, determination and, ultimately, freedom.
